#### **HALOGEN LAMP WARNING!**

This fixture is fitted with halogen lamps which are highly susceptible to damage if improperly handled. Never touch lamp with bare fingers as the oil from your hands will shorten lamp life. Also, never move fixture until lamp has had ample time to cool. Remember, lamps are not covered under warranty conditions.

### **Product Discription:**

The Fan-1000™ features a extremely bright 500W lamp that creates 10 **FLAT** beams of multi-color light which rotate back and forth to the music via its internal microphone. The Fan-1000™ is rugged and light weight, ideal for permanent or mobile applications.

### **Operating Instructions:**

Unit is ready to be hung or set on flat surface. Unit will react to bass sound of music via its internal microphone. Adjust the sensitivity knob on rear of unit for desired effect. Be sure not to obstruct cooling vents and keep in a well ventilated area. For best results, fog or special effects smoke should be used in order to see the beams of light.

Caution! Never open unit when in use. Always disconnect main power before serving or replacing lamp. Remember always replace same lamp and fuses.

Lamp replacement: Unscrew lamp replacement door. Remove and replace lamp.
